

## Newton Board Names Hospital, Clinic Manager

F. L. Gregory of the Board of Directors of Newton Memorial Hospital has announced the employment of Harold Warren Associates, management consultants for hospitals and related health facilities. Mr. Warren will be responsible for the supervision and management of the Newton Memorial Hospital and the Newton Clinic.

The first major projects to be undertaken include the 40-bed addition to the present hospital and the development of plans for a new clinic building.

Warren was employed the past ten years by Texas Blue Cross and Blue Shield as a professional relations representative. His hospital administration experience began in 1939 with North Louisiana Sanitarium and Clinic in Shreveport, La.

He has served as administrator of the Stephenville Hospital and Clinic, Stephenville, Texas, the Hopkins County Memorial Hospital, Sulphur Springs, Texas, the Central Baptist Hospital, Lexington, Kentucky, and the Hardin Memorial Hospital, Elizabethtown, Ky.

The Warrens have four children and six grandchildren. They will occupy an apartment here.

## WORKSHOP TO COVER SEWING TROUBLE POINTS

A clothing Special Problems Workshop series will start Oct. 6 under the sponsorship of Milam County home demonstration agent and associate agent. The series of three 2-hour workshops will be held at Simon-George Hall and will cover clothing construction problems.

The first workshop will be 9:30 to 11:30 a.m., Oct. 6 and will include altering and fitting a pattern, linings and darts.

The second workshop, 2 to 4 p.m., Oct. 16, will be on sleeves, gussets, and pressing. A final session from 2 to 4 p.m., Oct. 18 will be on zippers, plackets and bound buttonholes.

The workshops will be open to the public and anyone interested in attending one or more of the sessions can contact the county extension agents office.

At the second and third workshops, sewing machines will be used and students are asked to bring sewing equipment and material and a portable sewing machine if available.

## Nation Salutes 4-H

Most residents of Milam County know 4-H and are especially proud of local 4-H'ers during National 4-H Week, September 30 to October 7.

The green and white four-leaf clover emblem is appearing in newspapers, stores, and other public places this week as we are reminded that Milam 4-H'ers are a part of a membership of two and three-quarter million boys and girls.

The special week also salutes the 85 men and women in Milam County who give their time to 4-H Club work as volunteer leaders. These dedicated Milam countians give their time and skills not only for 4-H Club meetings, but also for project study, for teaching and individual attention to members, for demonstration teams, for county fair exhibits that must be managed, and for recreational projects that are part of a successful 4-H program in the county.

All of us have at one time or another listened to a speaker say the future of the next generation is in the hands of youth today.

Of course, it's true today's youth are tomorrow's leaders, but sometimes we wonder what exactly is being done to prepare boys and girls for the difficult, and challenge-

## Our man with the Armed Forces

Because beer is such a favorite with service men, we brewers like to do all we can to keep its surroundings right. So USBA representatives serve as adviser members of the Armed Forces Disciplinary Control Boards throughout the country.

These men from the USBA operate hand in hand with service and civilian police, with malt beverage licensees, public boards and committees: military, civil, professional. Object: to protect those who are underage, and to insure strict observance of the law.

We're proud of the work they do.

## County Studying Remodeling Plan

**COURTS SETS  
\$45,000 FUND  
FOR INTERIOR**

### Services Held For Roy Weems, Retired Builder

Roy Weems, 76, died at 4:15 p.m. September 27, in the Yarrington community while working. He was born June 15, 1891 at Pleasant Gap, Alabama and was a retired contractor. He served as chairman of the Board of Stewards, Maysfield Methodist Church, for 25 years and was Sunday School superintendent for 10 years.

Mr. Weems was a member of San Andres Lodge 170, Woodmen of the World, and a retired member of the Cameron Fire Department.

Services were at 2 p.m. Friday in the First Methodist Church, Cameron, with Rev. Eugene Eastery and Rev. Ben Pierce officiating. Masonic graveside services by San Andres Lodge 170 were held at Oak Hill Cemetery.

He is survived by his wife, Mrs. Fila Weems of Cameron; one son, Morris Weems, Cameron; two daughters, Mrs. A. M. Miller of Houston and Mrs. Roy Patzke of Calvert; three brothers, Melvin Weems and Robert Weems, Cameron, Owen Weems of Jacksonville, Tex.; five sisters, Mrs. Maudie Chambers, Martinez, Calif., Mrs. Audell Horstmann, Mrs. Oma Little, Mrs. Serena Bridges, all of Cameron, and Mrs. Alphine Barmore, Sugarland; nine grandchildren and one great grandchild.

Palbearers were: Erskine McDermott, Valter White, August Kunz, Roy Newton, J. E. Harwell, John Henderson Sr., Roy Law and Dana Kestenbaum.

Marek Burns Funeral Home was in charge of arrangements.

Hopes for a teen center in Cameron took a giant step toward reality with the offer of a building, rent free, with an annual option lease.

The former ASCS building on W. 1st Street has been offered by the Dusek family and final lease signing awaits only formal approval of the Teen Council at their meeting next week. Mrs. E. O. Schiller, chairman of the Council's adult advisory board, said the building would provide adequate space for recreation tables, juke box and dancing, and a lounge area.

"We have a foundation now," Mrs. Schiller said, "but we have lots of work ahead of us before a teen center can be opened." First major needs are funds to remodel the interior, furniture and recreation equipment and a television set. The Council hopes that most of the equipment and furniture will be donated so that money can be used for paint and a new floor. Mrs. Schiller said the teen-agers will provide the labor for the remodeling, but they will need volunteers to advise and oversee the project.

Early plans for the center called

for membership dues of \$5 which could be paid annually or quarterly. Memberships will be available to all students in the 8th through 12th grades (13 through 19 years of age). The Council hopes to have the center open from 4 to 8 p.m. on weekdays and until 11:30 p.m. on Friday and Saturday. Additional activities will probably be added during the summer months.

Mrs. Schiller said that anyone wishing to donate equipment or assist in the remodeling and decorating could call 697-3925 or contact any member of the Teen Council who include: Mark Meyer, Diann Kurtz, Connie Mowdy, Richard Schiller, Carolyn Miltch, Bill Perrin, Clint Schofield and Margaret Perkins.

### PTA To Hear Panel On New Teen Club

A panel discussion on the newly organized Teen Club will be on the program for the Cameron Parent Teachers Association meeting Thursday (tonight) at the Ben Milam Cafeteria.

The meeting will begin at 7:30 p.m. Babysitting will be provided at the school.

Architects' sketches for interior remodeling of the Milam Courthouse will be ready by Friday for study by courthouse officials, according to Milam County Judge O. B. Harden.

Involved in the remodeling will be addition of an elevator to serve basement through 3rd floors, rearranging present offices to enlarge tax office space and consolidation of the county clerk's office on one floor.

Judge Harden said the architect had been given a limit of \$45,000 for the project. Part of this amount is now on deposit and the rest included in the county budget adopted last month for 1968, he said.

Architect for the remodeling is Emmett Trant & Associates of Bryan. They were the architects and engineers for the modern courthouse built at Bryan.

Judge Harden said because of the need to relocate some offices county officials affected will have an opportunity to study the first sketches and make additional suggestions.

Final blueprints, estimates and specifications for bids will probably not be completed until after Christmas, Harden said.

## 2 New Wildcats Set In Milbur

By Lloyd Albertson

Two new wildcats were scheduled in south Milam County's Milbur Field last week, and one of them reportedly was spudded immediately and has been completed.

The new test is the J. M. Huber Corporation and R. E. Smith No. 3 W. P. Hogan. Location is on the same 173.57 acre tract on which the No. 1 and No. 2 Hogan were brought in about two months ago. Drillsite for the No. 3 was 990 feet northeast of the No. 1 Hogan. Permit depth was 2,660 feet with the basal Wilcox as the objective.

The wildcat is in D. H. Van Veighten Survey about 6 miles south of Milano.

The second wildcat scheduled last week also will be drilled by Huber and Smith. It will be their No. 1 Preston H. Perry, Jr., and located on a lease in D. H. Van Veighten Survey on which General Crude of Houston drilled two deep tests back in 1958 and 1959.

Drillsite for Huber and Smith's No. 1 Perry is southwest of the old General Crude No. 2 Perry which was drilled to 8,621 feet and

then plugged back to 3,475-506 feet and completed as a 30-barrel per day producer in the Navarro. General Crude's No. 1 Perry, scheduled as a Smackover test, was drilled to 12,670 feet in late 1958, but was plugged and abandoned when it was bottomed in salt. The company's No. 2 was depleted several years ago.

The new Huber and Smith No. 1 Perry is permitted to 3,000 feet and will be aiming at the Wilcox.

Last week Huber and Smith also filed a change in location of their No. 5 H. H. Coffield Unit. This wildcat, which was scheduled about four months ago, previously was located some 300 feet across the line in Burleson County. The new location is 333 feet southwest of the No. 4 Coffield Unit brought in a couple of months ago as a 65-barrel per day producer, and places it in Milam County.

In other North Milbur Field activity, Ashland Oil and Refining Company has filed potential on their No. 3 Blackburn - Trammell, showing it pumped 66 barrels per day of 23 gravity oil on perforations at 2,690-703 feet.

## Chamber Hosts Barbecue For Hiway Officials

The annual fellowship barbecue honoring district and local officials of the Texas State Highway Department will be Tuesday, October 10, at 7:30 p.m. in the Cameron City Park. This event is sponsored each year by the Chamber of Commerce highway and good roads committee.

Lavert McKinney, chairman of the highway committee, said, "We urge all Cameron citizens interested in showing their appreciation to these people for the fine highway progress in our area to be present." Tickets may be purchased from any member of the committee or at the Chamber office and will be on sale for \$1.50 each. Ticket sales will end at noon on the 10th.

Joe G. Hanover, district engineer, will give a brief report of present and future plans concerning highways in this district.

Members of the highway committee are: Lavert McKinney, Herbert Nance, Ed Manning, Lane Horstmann, Charles Wolfington, and Hilliard Thomas.

## Emergency Graze, Hay Harvesting Period Extended

Emergency permission has been extended for Milam farmers to graze and harvest hay on Conservation Reserve, Cropland Adjustment, Cropland Conversion and harvest hay on annual program diverted acres, according to Alva E. Sanders, ASCS office manager.

The emergency permission originally authorized through September 30 has been extended through October 31, 1967, Sanders said.

The first emergency grazing and harvesting relief came in early August when part of Milam County was in an egg-shaped oval running from Temple southward to Seguin, Lockhart and San Antonio where rainfall deficit was greater than any recorded in the United States. The area was also declared a disaster area for emergency FHA loan purposes in August.

Sanders said much of the county had felt relief from the drought in September rains, however there was still no water in the Baileyville, Clarkson and western sections of the county.

### M. Randolph Reading Corner Established

A Mary Randolph Reading Corner for children will be established at the Cameron Public Library in memory of the former Cameron elementary grade teacher.

The Library Board approved a motion Monday night that they join the Friends of the Library to provide the reading corner. Child-sized furniture in the children's book section will be purchased for the memorial corner.

Miss Randolph taught in the Cameron Public Schools and at St. Anthony School for a combined total of 50 years before her retirement.

## CC Doggies Await Yoe Friday Night

By Fritz Pratt

This Friday the Cameron Yoe-men meet the Copperas Cove Bulldogs in Copperas Cove.

Dailey and his assistants, Harper Augsburger, Lester Hanke, Larry Anderson, and Eugene Waits, say that the Doggie running game looks okay, but depth is the serious problem.

The Bulldogs are blessed with 7 returning starters. These are: David

Newton, Johnnie Price, Perry Watson, Jim Myers, Roy Krempin, Mike Alexander, and Craig Foster.

The kicking chores are carried by Foster and Price.

Copperas Cove passers are Newton and Gary Baty. Listed as the men to watch are Price, Newton, Alexander, Bobby Cowan, and Charles Contreall.

The Bulldogs return from a 35-6 whipping at the hands of the San Saba Armadillos last week. The only Cove score came from a short run by Bulldog quarterback Baty.

Starting offensively for the Bulldogs are:

E—Roger Berry, 185, Jr. 1 letter  
E—Craig Foster, 155, Sr. 1  
T—Perry Watson, 170, Sr. 1

### Homecoming Dance Planned For Oct. 20

Plans are underway for a Homecoming Dance October 20 following the Yoe-Caldwell football game. H. B. Crook, who is working on arrangements for the annual dance, said discussion was also underway to form a Yoe High School Exes Club at the Homecoming event.

Crook said Jay Leutwyler's Orchestra from Austin would play for the dance at National Guard Armory.

## Salvation Army Gives Local Aid

4th In UF Series

United Funds opens its \$7,500 fund drive in Cameron Monday with four agencies joining in the effort. Salvation Army, along with Red Cross, Girl Scouts and Boy Scouts, have agreed to combine drives for the second year in Cameron since United Fund was reorganized.

The Salvation Army works as a service unit to meet human needs and give emergency assistance through a local committee composed of John Schigut, chairman; Forrest Sapp, vice chairman; Don Humble, Mrs. A. F. Swamy, Mrs. V. N. Thweatt and Vernon Dungan.

Object of the Salvation Army is "to help the whole man - to sense his spiritual as well as his physical needs; to meet his human needs at the point of need, at the time of need." In Cameron during the past year the Salvation Army has

provided groceries for 111 people in need; supplied medicine for 9; assisted 2 people with a months rent; purchased gas for 19 transients; provided overnight accommodations for 3 and bus tickets for 4 people in need of transportation.

Schigut said another service of the Salvation Army was to provide a change of atmosphere for youngsters in need. Summer camp was made possible for 2 Cameron boys this year and maternity care for an unwed mother.

The local committee also has available to it, in time of need, the multiple facilities of the Salvation Army institutions and programs operating in the State of Texas.

Schigut pointed out that most of the Salvation Army funds stayed in the community and provided services that were not available through any other local agency.

## Newton Board Names Hospital, Clinic Manager

F. L. Gregory of the Board of Directors of Newton Memorial Hospital has announced the employment of Harold Warren Associates, management consultants for hospitals and related health facilities. Mr. Warren will be responsible for the supervision and management of the Newton Memorial Hospital and the Newton Clinic.

The first major projects to be undertaken include the 40-bed addition to the present hospital and the development of plans for a new clinic building.

Warren was employed the past ten years by Texas Blue Cross and Blue Shield as a professional relations representative. His hospital administration experience began in 1939 with North Louisiana Sanitarium and Clinic in Shreveport, La.

He has served as administrator of the Stephenville Hospital and Clinic, Stephenville, Texas, the Hopkins County Memorial Hospital, Sulphur Springs, Texas, the Central Baptist Hospital, Lexington, Kentucky, and the Hardin Memorial Hospital, Elizabethtown, Ky.

The Warrens have four children and six grandchildren. They will occupy an apartment here.

## WORKSHOP TO COVER SEWING TROUBLE POINTS

A clothing Special Problems Workshop series will start Oct. 6 under the sponsorship of Milam County home demonstration agent and associate agent. The series of three 2-hour workshops will be held at Simon-George Hall and will cover clothing construction problems.

The first workshop will be 9:30 to 11:30 a.m. Oct. 6 and will include altering and fitting a pattern, linings and darts.

The second workshop, 2 to 4 p.m. Oct. 16, will be on sleeves, gussets, and pressing. A final session from 2 to 4 p.m. Oct. 18 will be on zippers, plackets and bound buttonholes.

The workshops will be open to the public and anyone interested in attending one or more of the sessions can contact the county extension office.

At the second and third workshops, sewing machines will be used and students are asked to bring sewing equipment and material and a portable sewing machine if available.

## Nation Salutes 4-H

Most residents of Milam County know 4-H and are especially proud of local 4-H'ers during National 4-H Week, September 30 to October 7.

The green and white four-leaf clover emblem is appearing in newspapers, stores, and other public places this week as we are reminded that Milam 4-H'ers are a part of a membership of two and three-quarter million boys and girls.

The special week also salutes the 85 men and women in Milam County who give their time to 4-H Club work as volunteer leaders. These dedicated Milam countians give their time and skills not only for 4-H Club meetings, but also for project study, for teaching and individual attention to members, for demonstration teams, for county fair exhibits that must be managed, and for recreational projects that are part of a successful 4-H program in the county.

All of us have at one time or another listened to a speaker say the future of the next generation is in the hands of youth today.

Of course, it's true today's youth are tomorrow's leaders, but sometimes we wonder what exactly is being done to prepare boys and girls for the difficult, and challeng-

# Daniels Pushes Eagles Over Yoemen 6-0

By Fritz Pratt  
The Georgetown Eagles eased by the Cameron Yoemen on a lucky punt return last Friday night with a score of 6-0.

STATISTICS	
Yoemen Eagles

Cameron fans met a surprise in the line-up when starters James Dohnalik and John Urban went to the line position. During the final minutes of the game, however, Dohnalik went back to his old running position.

Yoemen captains Fogle, Dohnalik, Lafferty and Kirk won the toss and elected to receive the kick-off from Georgetown captains Carl Holmstrom, Spencer Karr, John Jacob, and Jerry Lehman.

Karr was the kick-off man for the Eagles. His kick went to Dohnalik who made it to the Yoe 23 yard marker before being brought down.

Mike Miller, Cameron's 219-pound fullback, smashed out 2 yards up the middle for the opening Yoe offensive play. The same thing happened on 2nd down as Miller again ground out 2.

Quarterback Fogle then went to the air on a pass to Kirk which fell short of its mark. With a 4th and 6 situation Miller dropped back and punted to the Yoe 47 yard mark.

The indestructible Yoe defense took over now. With a breakthrough on the 1st Georgetown offensive play, the Yoe recovered the ball on a fumble.

Now the Yoe offense struggled to hold off the Eagle defense, but this was useless, Fogle did not seem as agile as usual now as he was dropped twice behind the line of scrimmage. On 3rd down, Fogle was held for no gain. Fourth down met Miller's punt which stopped rolling on the Eagle 34 yard line.

Key defensive plays by Maddox, Urban, Hosch, Richardson, Dohnalik, and Lafferty held the Eagles and forced them to punt on 4th down.

Kirk returned the Georgetown punt to the Cameron 28 before being hauled down. On first down, Dennis Crouch got the call, and picked up 3 yards on his try. Kirk, in two successive plays, picked off 8 yds and a 1st down.

Then, with a 1st down and a new lease on life, there was a bobble in the backfield and Georgetown came up with the ball.

The Eagles picked up a 1st down now, despite the tackling efforts of Lafferty, Kirk, Dohnalik, Urban, Hosch, Richardson, Barrett, Fogle and Al Hefft.

The Yoemen sputtered through 2 more 1st downs now, with Miller

carrying for 27 yards on 4 carries. Then Fogle was caught unaware for a 3 yd loss. His pass to Kirk fell incomplete, and Miller booted on 4th down. Georgetown took over on their own 12 yd mark.

The Eagles picked up a little over 10 yards as Fogle, Lafferty, Dohnalik, Urban, and Richardson took the brunt of tackles. On a 2nd and long yardage, the Eagles tried the middle of the line. The ball was juggled loose and Urban came up with it.

Fogle was dropped for a couple of losses, with Miller making up 2 of the 9 lost yards. With Miller's punt on 4th down, the Yoe defense took over.

Following tackles by Maddox, Jekel, Dohnalik, Richardson, and Hosch, the Eagles got panicky and quick-kicked on 3rd down to the Yoe 33 yd line.

Miller stomped out 3 yds on 1st down and a penalty made it 1st down again. Crouch sneaked away with 6 yards and a penalty pushed up another 1st down. With this new chance at sailing to a touchdown, the Yoemen pushed hard.

Kirk ground out a couple of yards, and a pass to Miller tallied 6 more. Kirk took the ball on 3rd down for 1 more, but missed another 1st down by a couple of yards.

**GEORGETOWN SCORES**  
Miller hung the ball in the rafters and when it finally came down, Georgetown's Mike Daniels was waiting. Faking shoulders and elusive hips were the order as Daniels broke the Yoe 30 yard line with nothing between himself and the goal line but clear air.

The 65 yd sprint ended in 6 points, followed by Larry Moore who tried for the PAT. The kick missed and scoring was finished for the night at 6-0, Georgetown's favor.

Karr kicked off for the Eagles and Fogle took in the ball, sprinting to the Yoe 31 yd line.

Crouch took the call on 1st down, crashing for 9 big yards. Paul Chandler, on his only offensive play of the night, went for the 1 yard needed for a 1st on a sneaker. Then, on 1st down, Fogle fumbled, and the Eagles came up with the ball.

Fogle, Hosch, Richardson, Jekel, Barrett, Dohnalik, Urban, and Maddox held the Eagles from making more than one 1st down. Then on a 2nd down, Kirk intercepted a short pass to give the Yoemen another chance.

On 1st down, Fogle's pass to Kirk missed its mark. With 2nd down came a bomb to Lafferty for a 1st down. The next play was a copy of the preceding one, a pass to Lafferty for a 1st down.

Then things went awry - Fogle's pass to Hosch missed its mark. His throw to Kirk was intercepted by an alert Georgetown defender to end the Yoe drive.

After one time-consuming play, the half-time activities intervened.

**SECOND HALF**  
The Yoemen came back to the second half with determination—but so did the Eagles. The second half was a display of two brutal defenses holding each other for no sustained drives.

Defensive standouts in the second half were Maddox, Jekel, Dohnalik, Urban, Hosch, Richardson, Kirk, Chandler, and Fogle.

## Rites Wednesday For S. H. Wiese

Sam H. Wiese, 71, of Rt. 2, Cameron, died suddenly Tuesday afternoon at his home. Funeral services were at 3 p.m. Wednesday in the chapel of Green Funeral Home, Cameron. Burial was in the String Prairie Cemetery.

Mr. Wiese had lived in the String Prairie community all his life. Surviving him are: two sisters, Miss Lena Wiese of Rt. 2, Cameron and Mrs. Caroline Heil of San Antonio; and a number of other relatives.

## New telephone directory being delivered

The new telephone directory for Cameron is now being delivered. In addition to the usual terrific cast of characters, the new book has a new plot.

What's new? The telephone numbers.

Exchange names (such as Oxford) are gone. Numbers have taken their place. For example, the telephone company number—OX 7-4601—is now 697-4601. It's part of the nationwide change to All Number Calling (ANC). Already, about three-fourths of the nation's phones have all-numeral numbers.

No changes are required in the way you dial a call. Just dial the number as it's listed and your call will zip through. Matter of fact, dialing is even faster and easier with only numbers to look for on the dial.

You'll also find ANC ends confusion between letters and figures (such as I and one, O and zero) and between central offices names that sound alike. This means fewer "wrong numbers"—something we can all do without.

We think you'll like All Number Calling.

By the way, when you receive your new directory, take a minute to look through the information pages at the front of the book. They're packed with information to help you get more out of your telephone service.

## Rogers Eagles Stampede Manor Mustangs 37-0

The Rogers Eagles rolled over the Manor Mustangs last Friday night with a score of 37-0.

STATISTICS	
Rogers Manor	
First Downs	15 13
Yards Rushing	204 102
Yards Passing	101 138
Passes Attempted	12 30
Passes Completed	6 11
Passes Intercepted	4 1
Punts	3 for 29 3 for 33
Fumbles Lost	2 3
Penalties	4 for 40 3 for 35

Coach Donald Godwin was worried before the game as he said of his own Eagles, "We'll have to play tough football to win." The Eagles appeared tough enough as they blasted through an unusually strong Mustang defense.

Offensive work horses for the Eagles were Larry Griffith, Mike Mayfield, and Billy Henderson. Although Mayfield accounted for most of the scores, 3 TDs, 4 extra points, and a 37 yard field goal, Griffith carried the brunt of yards

gained with 101 yards in 17 carries to his credit.

Manor met the Eagles after a 60-0 stomp on Hutto the preceding week. The Mustangs, an undefeated team before meeting Rogers, faced quite a different story now as they couldn't cross the Eagle goal line in any form or fashion.

The Eagles are still carrying on their 16-game winning streak.

As soon as the Eagles took Manor's kick, they rolled for a TD. Their drive, aided by a 2 yard pitch from Henderson to all-state end Ray Sulak, was finished off with a four yard goal line drive by Mayfield.

Early in the second quarter Mayfield scored again with a 14 yard sprint around left end.

Slotback Billy Craft finished Eagle scoring for the first half by sweeping the left end for 25 yards and 6 points.

The Mustangs pushed to Rogers' 12 yard mark with only a second left in the half. Roy Gonzales car-

ried most of the Mustang offensive attack. But a penalty finished off the Manor attempt at a score.

Manor met more problems after halftime, as Gonzales fumbled on the opening kickoff, only to have Mayfield recover the ball on Manor's 21. A short time later Mayfield struggled over the goal line on a 2 yard grunt. He added the field goal for 3 points a few minutes later.

Finishing off the scoring for Rogers was 180 pound Eagle tackle Ricky Raley. Raley, who snagged two Mustang passes for good yardage, took one of those interceptions for 54 yards and a touchdown.

Even though they were winning, the Eagles revealed their old fault—fumbling. The ball rolled free in the backfield five times, with 'he Eagles losing it twice. One of these fumbles was on the Manor 9 yard line, and probably cost a TD.

But the Rogers defense showed an alert quality in picking up all three of Manor's fumbles while adding 4 interception feathers to their caps also.

Sulak and Mike Schneider are credited with the two interceptions which Raley didn't get. This week Rogers travels to meet Thorndale.

## Milano Stomps Badgers 44-14

The Badgers' homecoming was dampened Friday night as the Milano Eagles downed them 44-14.

Eagle halfback Morris Popham turned in his usual crowd-raising performance as he tallied 3 of Milano's touchdowns.

Popham collaborated with Milano's quarterback Robert Silva on a 15 yard scoring bomb. Finding scant daylight in the on-rushing Badgers, Popham later scampered 50 yards for another TD. His final 6-pointer came on a 2 yard push through the line following a brilliant Eagle drive.

The Badgers' two touchdowns were registered under one player's name—Norman Haisler. The scores rather unspectacular 1 yard runs, are not a true record of Haisler's performance. The Badger gridster accounted for a good deal of yardage gained by Buckholts.

## Rockdale Tigers Take 62-0 Win Over Lampasas Badgers

The Rockdale Tigers, led by quarterback Robert Brady smashed the Lampasas Badgers last Friday night, 62-0. The statistics:

Tigers Badgers	
First Downs	18 10
Yards Rushing	266 106
Yards Passing	125 13
Passes Attempted	9 12
Passes Completed	6 2
Passes Intercepted	6 1
Punts	1 for 26 6 for 34.8
Fumbles Lost	2 3
Penalties	6 for 50 9 for 86

Brady, pushed to the surface by injuries in the Tiger backfield, led in yards gained with 88, followed by the usually brilliant H. Earl Marion with 79.

Although the score was only 7-0 at the end of the first quarter, by halftime it had rolled to 34-0.

The Tigers capitalized on Badger errors with recovery of 3 Lampasas fumbles. And when errors weren't

present, they made them with pass interceptions. Brady and Glen Chmelar each had two interceptions to their credit followed by linebacker Mike Speer and O. D. Nealy, end, each with one interception.

The Tigers' first TD came on a two yard burst by Marion finishing off a 4 yard drive. Speer kicked the first of his 8 PATs.

In the 2nd quarter, Brady shook himself free from a host of Badgers and rolled 92 yards on a punt return. James Crocker added another score on an off-tackle breakthrough for 54 yards. In the same quarter Chmelar received a Brady pass for 14 yards and a TD. The final TD of the half came with 37 seconds on the clock. This was a 45 yard return of a pass interception by Brady.

At the start of the 3rd quarter Brady snagged a Badger punt and scampered 68 yards for a TD. Donald Lester, Tiger halfback, added 6 more points on a 5 yard sprint.

The 4th quarter found Marion sprinting 35 yards for paydirt, and reserve quarterback Jim Eanes with a 34 yard bomb to Nealy for the final score of the game.

The score rested at 62-0, Tigers' favor.

This week Rockdale meets a mighty Seguin team on Tiger Field. Seguin is meeting undefeated Rockdale after a 41-0 romp over New Braunfels last week.

## Rogers Eagles Stampede Manor Mustangs 37-0

The Rogers Eagles rolled over the Manor Mustangs last Friday night with a score of 37-0.

STATISTICS	
Rogers	Manor
First Downs	15 13
Yards Rushing	204 102
Yards Passing	101 138
Passes Attempted	12 30
Passes Completed	6 11
Passes Intercepted	4 1
Punts	3 for 29 3 for 33
Fumbles Lost	2 3
Penalties	4 for 40 3 for 35

Coach Donald Godwin was worried before the game as he said of his own Eagles, "We'll have to play tough football to win." The Eagles appeared tough enough as they blasted through a usually strong Mustang defense.

Offensive work horses for the Eagles were Larry Griffith, Mike Mayfield, and Billy Henderson. Although Mayfield accounted for most of the scores, 3 TDs, 4 extra points, and a 37 yard field goal, Griffith carried the brunt of yards

gained with 101 yards in 17 carries to his credit.

Manor met the Eagles after a 60-0 stomp on Hutto the preceding week. The Mustangs, an undefeated team before meeting Rogers, faced quite a different story now as they couldn't cross the Eagle goal line in any form or fashion.

The Eagles are still carrying on their 16-game winning streak. As soon as the Eagles took Manor's kick, they rolled for a TD. Their drive, aided by a 2 yard pitch from Henderson to all-state end Ray Sulak, was finished off with a four yard goal line drive by Mayfield.

Early in the second quarter Mayfield scored again with a 14 yard sprint around left end.

Sloback Billy Craft finished Eagle scoring for the first half by sweeping the left end for 25 yards and 6 points.

The Mustangs pushed to Rogers' 12 yard mark with only a second left in the half. Roy Gonzales car-

ried most of the Mustang offense attack. But a penalty finished off the Manor attempt at a score.

Manor met more problems after halftime, as Gonzales fumbled on the opening kickoff, only to have Mayfield recover the ball on Manor's 21. A short time later Mayfield struggled over the goal line on a 2 yard grunt. He added the field goal for 3 points a few minutes later.

Finishing off the scoring for Rogers was 180 pound Eagle tackle Ricky Raley. Raley, who snagged two Mustang passes for good yardage, took one of those interceptions for 54 yards and a touchdown. Even though they were winning, the Eagles revealed their old fault—fumbling. The ball rolled free in the backfield five times, with the Eagles losing it twice. One of these fumbles was on the Manor 9 yard line, and probably cost a TD.

But the Rogers defense showed an alert quality in picking up all three of Manor's fumbles while adding 4 interception feathers to their caps also.

Sulak and Mike Schneider are credited with the two interceptions which Raley didn't get. This week Rogers travels to meet Thorndale.

## Rockdale Tigers Take 62-0 Win Over Lampasas Badgers

Brady, pushed to the surface by injuries in the Tiger backfield, led in yards gained with 88, followed by the usually brilliant H. Earl Marion with 79.

Although the score was only 7-0 at the end of the first quarter, by halftime it had rolled to 34-0.

The Tigers capitalized on Badger errors with recovery of 3 Lampasas fumbles. And when errors weren't

present, they made them with pass interceptions. Brady and Glen Chmelar each had two interceptions to their credit followed by linebacker Mike Speer and Q. D. Neely, end, each with one interception.

The Tigers' first TD came on a two yard burst by Marion finishing off a 4 yard drive. Speer kicked the first of his 8 PATs.

In the 2nd quarter, Brady shook himself free from a host of Badgers and rolled 92 yards on a punt return. James Crocker added another score on an off-tackle breakthrough for 54 yards. In the same quarter Chmelar received a Brady pass for 14 yards and a TD. The final TD of the half came with 37 seconds on the clock. This was a 45 yard return of a pass interception by Brady.

At the start of the 3rd quarter Brady snatched a Badger punt and scampered 68 yards for a TD. Donald Lester, Tiger halfback, added 6 more points on a 5 yard sprint.

The 4th quarter found Marion sprinting 35 yards for paydirt, and reserve quarterback Jim Eanes with a 34 yard bomb to Neely for the final score of the game.

The score rested at 62-0, Tigers' favor.

This week Rockdale meets a mighty Seguin team on Tiger Field. Seguin is meeting undefeated Rockdale after a 41-0 romp over New Braunfels last week.

# Daniels Pushes Eagles Over Yoemen 6-0

By Fritz Pratt

The Georgetown Eagles eased by the Cameron Yoemen on a lucky punt return last Friday night with a score of 6-0.

### STATISTICS

	Yoemen	Eagles
First Downs	11	6
Yards Rushing	37	99
Yards Passing	34	12
Passes Attempted	17	8
Passes Completed	4	2
Passes Intercepted by	1	1
Punts	8 for 28	4 for 45
Fumbles Lost	2	3
Penalties	1 for 15	7 for 83

Cameron fans met a surprise in the line-up when starters James Dohnalik and John Urban went to the line position. During the final minutes of the game, however, Dohnalik went back to his old running position.

Yoe captains Fogle, Dohnalik, Lafferty and Kirk won the toss and elected to receive the kick-off from Georgetown captains Carl Holmstrom, Spencer Karr, John Jacob, and Jerry Lehman.

Karr was the kick-off man for the Eagles. His kick went to Dohnalik who made it to the Yoe 23 yard marker before being brought down.

Mike Miller, Cameron's 219-pound fullback, smashed out 2 yards up the middle for the opening Yoe offensive play. The same thing happened on 2nd down as Miller again ground out 2.

Quarterback Fogle then went to the air on a pass to Kirk which fell short of its mark. With a 4th and 6 situation Miller dropped back and punted to the Yoe 47 yard mark.

The indestructible Yoe defense took over now. With a breakthrough on the 1st Georgetown offensive play, the Yoe recovered the ball on a fumble.

Now the Yoe offense struggled to hold off the Eagle defense, but this was useless. Fogle did not seem as agile as usual now as he was dropped twice behind the line of scrimmage. On 3rd down, Fogle was held for no gain. Fourth down met Miller's punt which stopped rolling on the Eagle 34 yard line.

Key defensive plays by Maddox, Urban, Hosch, Richardson, Dohnalik, and Lafferty held the Eagles and forced them to punt on 4th down.

Kirk returned the Georgetown punt to the Cameron 28 before being hauled down. On first down, Dennis Crouch got the call, and picked up 3 yards on his try. Kirk, in two successive plays, picked off 8 yds and a 1st down.

Then, with a 1st down and a new lease on life, there was a bobble in the backfield and Georgetown came up with the ball.

The Eagles picked up a 1st down now, despite the tackling efforts of Lafferty, Kirk, Dohnalik, Urban, Hosch, Richardson, Barrett, Fogle and Al Hefft.

The Yoemen spurted through 2 more 1st downs now, with Miller

carrying for 27 yards on 4 carries. Then Fogle was caught unaware for a 3 yd loss. His pass to Kirk fell incomplete, and Miller booted on 4th down. Georgetown took over on their own 12 yd mark.

The Eagles picked up a little over 10 yards as Fogle, Lafferty, Dohnalik, Urban, and Richardson took the brunt of tackles. On a 2nd and long yardage, the Eagles tried the middle of the line. The ball was juggled loose and Urban came up with it.

Fogle was dropped for a couple of losses, with Miller making up 2 of the 9 lost yards. With Miller's punt on 4th down, the Yoe defense took over.

Following tackles by Maddox, Fogle, Dohnalik, Richardson, and Hosch, the Eagles got panicky and quick-kicked on 3rd down to the Yoe 33 yd line.

Miller stomped out 3 yds on 1st down and a penalty made it 1st down again. Crouch sneaked away with 6 yards and a penalty pushed up another 1st down. With this new chance at sailing to a touchdown, the Yoemen pushed hard.

Kirk ground out a couple of yards, and a pass to Miller tallied 6 more. Kirk took the ball on 3rd down for 1 more, but missed another 1st down by a couple of yards.

### GEORGETOWN SCORES

Miller hung the ball in the rafters and when it finally came down, Georgetown's Mike Daniels was waiting. Faking shoulders and elusive hips were the order as Daniels broke the Yoe 30 yard line with nothing between himself and the goal line but clear air.

The 65 yd sprint ended in 6 points, followed by Larry Moore who tried for the PAT. The kick missed and scoring was finished for the night at 6-0, Georgetown's favor.

Karr kicked off for the Eagles and Fogle took in the ball, sprinting to the Yoe 31 yd line.

Crouch took the call on 1st down, crashing for 9 big yards. Paul Chandler, on his only offensive play of the night, went for the 1 yard needed for a 1st on a sneaker. Then, on 1st down, Fogle fumbled, and the Eagles came up with the ball.

Fogle, Hosch, Richardson, Fogle, Barrett, Dohnalik, Urban, and Maddox held the Eagles from making more than one 1st down. Then on a 2nd down, Kirk intercepted a short pass to give the Yoemen another chance.

On 1st down, Fogle's pass to Kirk missed its mark. With 2nd down came a bomb to Lafferty for a 1st down. The next play was a copy of the preceding one, a pass to Lafferty for a 1st down.

Then things went awry - Fogle's pass to Hosch missed its mark. His throw to Kirk was intercepted by an alert Georgetown defender to end the Yoe drive.

After one time-consuming play, the half-time activities intervened.

### SECOND HALF

The Yoemen came back to the second half with determination—but so did the Eagles. The second half was a display of two brutal defenses holding each other for no sustained drives.

Defensive standouts in the sec-

ond half were Maddox, Fogle, Dohnalik, Urban, Hosch, Richardson, Kirk, Chandler, and Fogle.

Offensive last half chores were carried mainly by Miller, Kirk, Crouch, Dohnalik, and Fogle. The final score: 6-0, Eagles' favor.

# New telephone directory being delivered

The new telephone directory for Cameron is now being delivered. In addition to the usual terrific cast of characters, the new book has a new plot.

What's new? The telephone numbers.

Exchange names (such as OXford) are gone. Numbers have taken their place. For example, the telephone company number - OX 7-4601 - is now 697-4601. It's part of the nationwide change to All Number Calling (ANC). Already, about three-fourths of the nation's phones have all-numeral numbers.

No changes are required in the way you dial a call. Just dial the number as it's listed and your call will zip through. Matter of fact, dialing is even faster and easier with only numbers to look for on the dial.

You'll also find ANC ends confusion between letters and figures (such as I and one, O and zero) and between central offices names that sound alike. This means fewer "wrong numbers" - something we can all do without.

We think you'll like All Number Calling.

By the way, when you receive your new directory, take a minute to look through the information pages at the front of the book. They're packed with information to help you get more out of your telephone service.

## District 24-A Sets '68 Basketball Play

By B. F. Harbour

ROGERS B. F. Harbour and J. L. Chervenka of Rogers were re-elected Wednesday night to serve as chairman and secretary respectively by the Executive Committee of the University Interscholastic League District 24-A.

Schools represented at the meeting were Bartlett, Granger, Lexington, Manor, Rogers, Thorndale, Thrall, and Troy. The district play-off of both girls and boys basketball will consist of a double round robin, with district play beginning Tuesday, Jan. 2, 1968. The girls and the boys varsity games each Tuesday and Friday nights will be preceded on Tuesday night by a B team girls game, and on Friday night by a B team boys game.

It was voted that two SBOA officials would be used in each game and they shall not be hometown men for the teams involved.

It was also decided to have a junior high school basketball district of two zones, south and north. The north zone will consist of boys and girls teams from schools of Troy, Granger, Bartlett and Rogers. The south zone will consist of schools from Thorndale, Thrall, Lexington, and Manor.

## Rosebud Panthers Score 25 - 7 Win Over Mart Friday

An explosion in the Rosebud backfield last Friday sparked the Panthers over Mart with a 25-7 score. The statistics were:

	Rosebud	Mart
First Downs	13	12
Yards Rushing	204	149
Yards Passing	37	88
Passes Attempted	8	11
Passes Completed	3	5
Passes Intercepted	2	2
Punts	5 for 186	3 for 97
Fumbles Lost	0	3
Penalties	4 for 56	2 for 20

The Panther offensive attack was headed by Alfred Know, who tallied 125 yards rushing, and Larry Spivey, who added 62 yards.

A scoreless first half appeared the rule as a defensive battle raged on the field. Then, with only 2:50 on the clock for the 2nd quarter, a scoring spree broke out.

It started with a reverse play on Mart's part which ended in a fumble recovered by Knox for the Panthers on the Mart 19.

In three plays the Panthers tallied 6, with Knox going the last 10 yards on a ramble through right tackle. Knox's extra point kick was blocked and the score stood at 6-0.

On the first play from scrimmage following the TD, Mart tried a razzle-dazzle play as the man who handed off to David Wayland went out to receive a pass from Wayland. Instead, James Duffie was waiting for the ball.

Duffie grabbed the pass and scrambled 32 yards for the TD. Spivey tried the PAT, but the boot was again blocked. The score was now 12-0.

Now Mart headed for paydirt as time ran away. Quarterback Pete Rowe laid ground gaining passes on ends Eddie Headen and Brooks West. Gathen Reistino dug out 17 yards on a draw play and Wayland added 12 more on the following play.

Rowe then sailed an 18 yard bomb to Headen who stepped into the end zone for Mart's only TD. Reistino booted the goal and placed the score at 12-7.

The Mart Panthers created a scoring threat out of a Rosebud onside kick. But on the Rosebud 30 yard line, Rowe fumbled and Spivey recovered for the Panthers. Mart flashed from their 7 yard line to the Rosebud 21 at the opening of the 3rd quarter. But Reistino fumbled and Ray Welsh recovered for Rosebud.

Rosebud struggled to Mart's 15 before Gary Koester picked off a Rosebud pass. Now Rowe pushed his team to Rosebud's 32 yard marker with a 42 yard bomb to Headen. The Panther defense from Rosebud repulsed the Mart attack now.

Mart's last drive started on their own 20, but on a 4th down power play, the Panthers came inches short of a 1st.

The Rosebud eleven pushed out 70 yards now with Knox taking the final yard on a line buck. With only 13 seconds left in the game, Dean Pomykal turned a pass interception into a TD sprint for Rosebud's final score. The game ended with 25-7 on the board.

This week the Panthers meet an agile Bremond team in Bremond.

## Farmers Union Annual Meeting Here Saturday

Milam County Farmers Union annual meeting will be at 7:45 p.m. Saturday, October 7, at Simon-George Hall, Cameron.

The annual family meeting is for all Farmers Union members.

In addition to the president's report of the years activities and a report on finances, the membership will elect new officers and directors, adopt resolutions for the state convention and elect delegates to the convention in Lubbock October 26-28.

Following the business meeting State President Jay Naman will speak briefly on the farm outlook for 1968 and will be available during the refreshment period for questions and to hear members' views.

Janice Simecek of Cameron will represent 181 handicapped employees of VA Center, Temple, during National Employ the Handicapped Week, Oct. 1-7. She was crippled by polio when 2 years old and although severely handicapped, graduated from Yoe High School in 1964 and Temple Commercial College in 1965. She is a night student at Mary Hardin-Baylor College. She worked for the Cameron Public Schools before beginning her employment at the VA Center last November. Miss Simecek was Milam County Poster Girl for the March of Dimes in 1954.

## District 24-A Sets '68 Basketball Play

By B. F. Harbour

ROGERS — B. F. Harbour and J. L. Chervenka of Rogers were re-elected Wednesday night to serve as chairman and secretary respectively by the Executive Committee of the University Interscholastic League District 24-A.

Schools represented at the meeting were Bartlett, Granger, Lexington, Manor, Rogers, Thorndale, Thrall, and Troy. The district play-off of both girls and boys basketball will consist of a double round robin, with district play beginning Tuesday, Jan. 2, 1968. The girls and the boys varsity games each Tuesday and Friday nights will be preceded on Tuesday night by a B team girls game, and on Friday night by a B team boys game.

It was voted that two SBOA officials would be used in each game and they shall not be hometown men for the teams involved.

It was also decided to have a junior high school basketball district of two zones, south and north. The north zone will consist of boys and girls teams from schools of Troy, Granger, Bartlett and Rogers. The south zone will consist of schools from Thorndale, Thrall, Lexington, and Manor.

## Rosebud Panthers Score 25 - 7 Win Over Mart Friday

An explosion in the Rosebud backfield last Friday sparked the Panthers over Mart with a 25-7 score. The statistics were:

	Rosebud	Mart
First Downs	13	12
Yards Rushing	204	149
Yards Passing	37	88
Passes Attempted	6	11
Passes Completed	3	5
Passes Intercepted	2	2
Punts	5 for 186	3 for 97
Fumbles Lost	0	3
Penalties	4 for 56	2 for 20

The Panther offensive attack was headed by Alfred Know, who tallied 125 yards rushing, and Larry Spivey, who added 62 yards.

A scoreless first half appeared the rule as a defensive battle raged on the field. Then, with only 2:50 on the clock for the 2nd quarter, a scoring spree broke out.

It started with a reverse play on Mart's part which ended in a fumble recovered by Knox for the Panthers on the Mart 19.

In three plays the Panthers tallied 6, with Knox going the last 10 yards on a ramble through right tackle. Knox's extra point kick was blocked and the score stood at 6-0.

On the first play from scrimmage following the TD, Mart tried a razzle-dazzle play as the man who handed off to David Wayland went out to receive a pass from Wayland. Instead, James Duffie was waiting for the ball.

Duffie grabbed the pass and scrambled 32 yards for the TD. Spivey tried the PAT, but the boot was again blocked. The score was now 12-0.

Now Mart headed for paydirt as time ran away. Quarterback Pete Rowe laid ground gaining passes on ends Eddie Headen and Brooks West. Gathen Reistino dug out 17 yards on a draw play and Wayland added 12 more on the following play.

Rowe then sailed an 18 yard bomb to Headen who stepped into the end zone for Mart's only TD. Reistino booted the goal and placed the score at 12-7.

The Mart Panthers created a scoring threat out of a Rosebud onside kick. But on the Rosebud 30 yard line, Rowe fumbled and Spivey recovered for the Panthers.

Mart flashed from their 7 yard line to the Rosebud 21 at the opening of the 3rd quarter. But Reistino fumbled and Ray Welsh recovered for Rosebud.

Rosebud struggled to Mart's 15 before Gary Koester picked off a Rosebud pass. Now Rowe pushed his team to Rosebud's 32 yard marker with a 42 yard bomb to Headen. The Panther defense from Rosebud repulsed the Mart attack now.

Mart's last drive started on their own 20, but on a 4th down power play, the Panthers came inches short of a 1st.

The Rosebud eleven pushed out 70 yards now with Knox taking the final yard on a line buck. With only 13 seconds left in the game, Dean Pomykal turned a pass interception into a TD sprint for Rosebud's final score. The game ended with 25-7 on the board.

This week the Panthers meet an agile Bremond team in Bremond.

## Farmers Union Annual Meeting Here Saturday

Milam County Farmers Union annual meeting will be at 7:45 p.m. Saturday, October 7, at Simon-George Hall, Cameron.

The annual family meeting is for all Farmers Union members.

In addition to the president's report of the years activities and a report on finances, the membership will elect new officers and directors, adopt resolutions for the state convention and elect delegates to the convention in Lubbock October 26-28.

Following the business meeting State President Jay Naman will speak briefly on the farm outlook for 1968 and will be available during the refreshment period for questions and to hear members' views.

Janice Simecek of Cameron will represent 181 handicapped employees of VA Center, Temple, during National Employ the Handicapped Week, Oct. 1-7. She was crippled by polio when 2 years old and although severely handicapped, graduated from Yoe High School in 1964 and Temple Commercial College in 1965. She is a night student at Mary Hardin-Baylor College. She worked for the Cameron Public Schools before beginning her employment at the VA Center last November. Miss Simecek was Milam County Poster Girl for the March of Dimes in 1954.

## Guest Editorial . . .

### EDITORIALS GET THINGS DONE

By Eugene Patterson  
Editor, The Atlanta Constitution  
1967 Pulitzer Prize Winner  
Newspaper editorials get things done. At times, I've wondered what. By now, I think I know.

They get people to think. They may think the editor is an idiot. The Atlanta Constitution is rich with readers who hold that opinion. In order to arrive at it, however, they must (1) read his unsatisfactory argument, and then (2) justify their own. This is a painful experience on both counts, which may account for the sorenness they exhibit in letters to the editor. But they have had to think about the subject.

And the longer I live, the more I believe the value of an editorial is not so much to carry the day, to convince everybody, or to comfort the good and convert the evil.

To achieve those goals the average editor would have to be a lot smarter than he is.

The true and lasting value lies in getting people to think for themselves, to talk and to argue, and finally to decide whatever they want to decide. The process of thought may have adjusted their decision some small distance toward the side of right, whatever that is.

"I guess a man's job," William Percy's father told him, "is to make the world a better place to live in, so far as he is able—always remembering the results will be infinitesimal—and to attend to his own soul."

An editorial is, of itself, no better than the incentive it provides the reader to attend to his own soul, I think. Whether the editorial opinion itself is accepted is secondary to that. The people will find their own way when they think.

The race issue in the South was editorially muffled for many years. The primary contribution of editors like Hodding Carter and Ralph McGill and Lenoir Chambers lay not so much in convincing all Southerners that segregation was wrong; they obviously failed, had that been their purpose. Primarily, they encouraged people to talk about it—to break the muffling silence, to stop fearing discussion of it, to speak the unspeakable and think the unthinkable, and to realize it was a subject they could argue.

This breaking of silent fear, this beginning of talking and thinking, is the goal an editor shoots for in a frozen situation where minds have ceased to question. The editorial doesn't have to be right. But it does get things done. It gets the people to think.

## Addendum . . .

We add little to the foregoing, except to ask the people of Cameron and Milam area, who have teen-agers, to support an effort underway to put a Teen Center in Cameron.

It is going to cost something, but it will be a lot cheaper than the cost of teen-age mis-adventures or the loss years later to the habits of idle time.

Teen-agers are a lot more knowledgeable than their parents, but then their parents want it that way. And there are more cars and more spending money available to this age group.

For what it is worth, we commend this project to the public support. There is little enough for most teen-agers to do in Cameron.

# Fourth Term Big Question

By Vern Sanford

AUSTIN  
Although the primaries are not until next May, Texas politicians, here and there, already are beginning to get in and out of state-wide races.

Big question still is whether Gov. John Connally will run for an unprecedented fourth term. He says he hasn't made up his mind.

If he doesn't run, it now appears that it will be at least a three-way race in the Democratic primary—between Lt. Gov. Preston Smith, who already has announced, Speaker Ben Barnes and former Atty. Gen. Waggoner Carr.

If Connally does run, Barnes and Carr probably will vie for lieutenant governor, though neither has as yet announced a definite decision.

In the state Supreme Court, both Associate Justice James R. Norvell and Meade F. Griffith say that they will not seek re-election in 1968. Woodrow Bean of El Paso and former state Sen. Franklin Spears of San Antonio are being mentioned as possible candidates for those two posts.

### HIGHWAY PROMOTIONS

On January first B. L. DeBerry, Dallas district highway engineer, will replace Assistant State Highway Engineer J. C. Dingwall. Dingwall will replace State Highway Engineer DeWitt Greer, who is retiring.

There will be four other administrative changes in the Highway Department: —Archie J. Sherrod, now district engineer in Odessa, will be promoted to chief engineer of maintenance operations.

—John G. Keller, Beaumont district engineer, will succeed DeBerry.

—Franklin Carter Young, district administrative engineer in San Antonio, will take over Keller's job.

—Paul H. Coleman, assistant district engineer at Odessa, will replace Sherrod.

RESEARCH AWARD TO TEXAS  
Texas Research League was presented the top research award of the Governmental Research Association for its report, "Metropolitan Texas: A Workable Approach to Its Problems."

Award was made in Boston. Accepting were Alvin A. Burger, executive director of the League, and James W. McGrew, research director and head of the project.

League's report was made after an 18-month study requested by Governor Connally. It contained seven legislative recommendations, but only one of them passed the Legislature. That one provided \$250,000 of state money for regional planning.

### TEXAS TOURISM PUSHED

Texas' official travel exhibit—pushing the state as a vacation land with a "World of Difference"—was seen by approximately 450,000 persons at the Canadian National Exhibition at Toronto. So says Walt Warner, director of programs for the Texas Tourist Development Agency, which sponsors the exhibit.

Warner regards Canada as an important but unexplored market for the Texas travel industry. "Many Canadians were unaware that Texas lay just 1,200 miles from Toronto's border," he said. "They seemed surprised to find a state so near that offered a warm, tropical climate during the winter months."

Texas' exhibit is being displayed in travel shows all over North America.

### OIL PRODUCTION DOWN

Texas oil production was reduced

by 109,071 barrels for October. Texas Railroad Commission cut the allowable after finding demand lower as the Middle East crisis eases off.

Commission was to have announced its decision immediately at its regular statewide proration hearing, but delayed it four days to see what effect Hurricane Beulah would have on production and refining.

After studying that situation, it was decided that no major damage had been incurred, though there were temporary disruptions.

### CAMINO DEL NORTE

A group of Midland citizens appeared before the Texas Highway Commission to request a study on the feasibility of an interstate highway stretching from the Big Bend Country to Denver.

Dubbed "Camino Del Norte" by the applicants, the highway would begin at US 90 near the Mexican border and would run through Midland, Lubbock, Amarillo and on to Denver.

Delegation presented the Commission with copies of a brochure outlining the proposed highway.

examining the population, education, cultural, recreational, historic and national security aspects of the project.

Commission took the request under advisement.

### CITY SALES TAX FAVORED

Saturday midnight was an important hour in Austin, in so far as many Texas municipalities were concerned. That was the deadline date for reporting city sales tax election results to State Comptroller Robert S. Calvert. . . if the tax is to go into effect, January 19.

Otherwise the cities would not go under the tax until April 1, 1968. As of this writing, 12 of the 13 municipalities that have voted on whether or not to adopt a 1 percent city sales tax, along the lines of the state's 2 percent sales tax, have favored the proposal.

Voters in Electra, near Wichita Falls, turned it down.

Voters in the following cities adopted the new-to-Texas taxing device: Aransas Pass, Austin, Elgin, Orange Grove, Henrietta, Ingleside, Nacogdoches, El Paso, Port Aransas, Taylor, Texarkana and Wichita Falls.

## August Consumer Spending Rises To Record \$27 Billion

The predicted rise in consumer spending, which analysts had expected to rekindle the boom, arrived on schedule.

The three-month climb to a record \$27 billion spent in the nation's stores in August confirms this, says Mrs. Wanda Meyer, Extension specialist in home management.

Department stores particularly are enjoying the sharp sales gain, says the specialist. Cooler weather and earlier back-to-school purchasing sent sales in this area zooming up by more than 15 percent, as compared to last year's levels.

However, not every department is sharing equally in these gains, Mrs. Meyer points out. A strong demand has been evident for soft-goods, while furniture and appliances lag behind.

Apparel buying is providing the spark, Mrs. Meyer explains. Clothing sales, especially for youth, have risen more than twice as sharply as retail volume. The freest-spending customers are the working girls and college and teenage students, whose allowances go right back into their closets.

Older family members are also

taking a strong interest in new clothing, according to the specialist. Quality lines are getting the play in this category. And retailers are seeking to pull in some of the stored-up purchasing power consumers have withheld for so long. When these purse strings are loosened, sales of big ticket items should contribute their share too, Mrs. Meyer predicts.

Another aspect of the increased consumer spending is the fact that consumer installment debt burdens have dwindled rapidly in the past year, Mrs. Meyer points out. In stallment credit extensions through the beginning of August represented less than 15 percent of disposable income, as compared with over 15 1/2 percent a year ago.

### FOOD MARKETING

Food marketing, no matter how viewed, is big business in terms of the number of people employed. Last year about 13 million workers were employed in the agricultural marketing field, reports Dr. W. E. Black, Extension economist in marketing and policy at Texas A&M.

## OLD PHILOSOPHER

Dear editor:

There are so many new crises turning up almost daily throughout the world, like hurricanes and floods and strikes and car wrecks and international squabbles, come waves and abuse of the language like calling that zone in South Vietnam de-militarized when the greatest accumulation of firepower in the history of warfare is concentrated there and being used 24 hours a day, that there are times when I'm not sure I want to see a newspaper turn up out here on this Johnson grass farm, but nonetheless a fresh north wind blew one in yesterday and sure enough it was up to standard.

According to it, school buildings this past summer throughout the country were subjected to record-breaking vandalism. For example, in Chicago 90,645 windows were broken in school buildings, 36,525 were broken in Washington, 25,400 in Los Angeles, over 100,000 in New York, and untold thousands in smaller schools around the nation. Hardly a town or city escaped, and one estimate put the total over a million busted windows.

At the same time, this same paper reported that there is a definite shortage of good pitchers in both major league baseball divisions and it makes you wonder where the schools are falling short. Are they putting up buildings so close to the ground and so thick with windows a boy gets no aiming practice at all in throwing a rock through ope?

You break out millions of windows panes and not produce a single good pitcher, and you can see something is seriously wrong with the school system.

We didn't have one-tenth of one per cent as many windows broken out when we had one-teacher schools and we had lots better pitching. A boy had to make his aim count in those days. Nowadays any punk can break one.

I don't know what the answer to this problem is, but that doesn't embarrass me, I don't know what the answer is to any of the other problems. Nothingless, a million broken windowpanes a year sure seems like a problem we could do without. It looks like one crisis leads to another. With winter coming on, where will we get enough pillows to stuff in that many broken panes?

Yours faithfully,  
J.A.

## Daringly new! Chevrolet's new line of Super Sports for '68.

Computer-tuned suspension systems. Improved shock absorbers. New double-cushioned rubber body mounts. They all team up to bring you the smoothest, most silent Chevrolet ride ever. A fresh new idea in ventilation comes standard on every 1968 Camaro and Corvette. It's Astro Ventilation, a system that lets air in, but keeps noise and wind

out. You'll appreciate all the proved safety features on the '68 Chevrolets, including the GM-developed energy-absorbing steering column and many new ones. More style. More performance. More all-around value. One look tells you these are for the man who loves driving. One demonstration drive shows why!

## ASCS News

By Alva E. Sanders

Meetings to discuss the feed grain situation and program alternatives for the 1968 Feed Grain Program were announced by the Texas Agricultural Stabilization and Conservation State Committee. The meetings will start at 10 a.m. in Vernon on Oct. 5, at the Wilbarger Memorial Auditorium and in San Antonio on Oct. 6 at the Sheraton Motor Inn.

Leaders and representatives of producer groups, farm organizations, and trade groups interested in feed grain are being invited. Anyone interested in the feed grain outlook and program is welcome to attend.

The meetings are two of a series being held in major feed grain states to provide farmers and other interested people an opportunity to express their views and make recommendations on the feed grain program for the 1968 year.

The situation feed grain producers face this coming marketing year is a new one. Whereas the feed grain carryover in 1961 was 84.7 million tons - about twice as much as needed to provide reasonable protection against adverse weather - the carryover stocks as of Oct. 1, 1967 for 1967-68 marketing year now are expected to be in the neighborhood of 37 million tons.

With all 1967 feed grain production indicated at 175.4 million tons (including the biggest corn crop in history) the total supply should be about 7 percent larger than one year ago. Expressed another way, there will be a carryover of all feed grains of 40 to 45 million tons. This is considered by many to be an adequate carryover to the following season but not an excessive one.

The problem at this time, therefore, is no longer one of surplus. Neither is it one of scarcity; rather it is a problem of maintaining a safe supply in relation to demand while insuring reasonable returns to producers. The Department wants the advice of farm leaders familiar with the program and its purpose before making decisions for the 1968 crop year.

Matters to be discussed at the meetings will include the feed grain supply-demand situation the size of the 1968 production needed and the acreage to be diverted to conserving use in order to achieve that desired level of production.

## Shortcourse To Be Held In Cameron

By J. D. Moore

A soil fertility shortcourse will be held in the District Courtroom, Courthouse, Cameron, beginning at 8 p.m., on Oct. 10, 11, and 12.

On Oct. 10, Dr. Gordon McLean, research soil chemist for the McGregor Station, will review re-

search for this region. Also, James Denton, farm management specialist will discuss the economics of fertilizer usage.

John Box, agronomist from A&M will discuss nitrogen and phosphorus and crop production on the night of Oct. 11. Dr. C. D. Welch, soil chemist will discuss potassium, secondary and micronutrients as well as soil test recommendations on the night of Oct. 12.

The public is urged to attend this shortcourse and learn how to use fertilizer more profitably on the farm, gardens and lawns.

## PECAN AND FOOD SHOW

November 18 has been set as the date for the annual Milam County Pecan and Food show to be held in Cameron. All pecan growers including families with a tree in their yard are urged to select about a quart of pecans for an entry in the show. Pecans are maturing earlier than usual this year and growers should be prepared to gather their pecans as they mature. Crows are being reported making away with pecans from the earlier maturing trees.

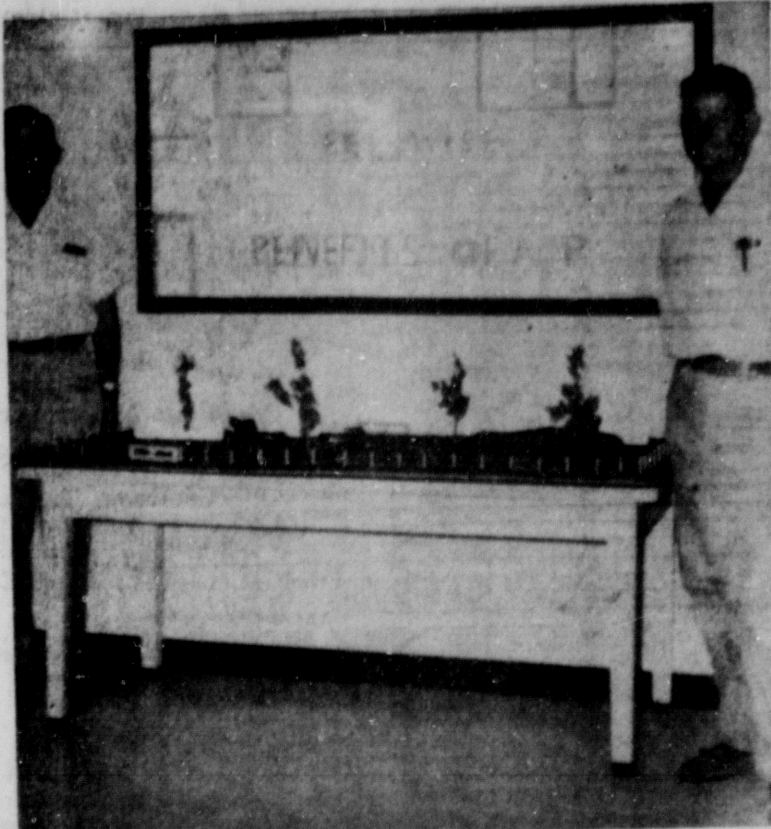

A committee meeting to plan for the show is announced by Anton Anderle, chairman. It will be held in the County Extension office at 8 p.m. October 16.

## TULOMA CROP/GUIDE PLAN helps crop input dollars do double duty

A modest investment for the right liquid mixed fertilizer makes all crop input dollars work harder to return higher yields... more profit.

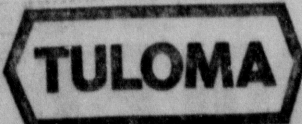

For your fertilizer to do a good job without waste, you need a sound plan. And that's where the new TULOMA CROP/GUIDE Plan comes in.

Here's how it works.

First, comes information about your farm... your yield goals, cropping history, management methods... those things which go into building a

bigger and better crop. Then we take careful field-by-field soil tests and complete the CROP/GUIDE Series Analysis. From these facts, our recommendations to you point out exactly what to do to get the most from each drop of fertilizer you use.

Makes sense, doesn't it? The TULOMA CROP/GUIDE Plan is built to help your input dollars do double duty. We can help you plan bigger yields and a bigger income. Give us a call today.

# Book Lease Aids Milano Students

MILANO  
Milano Independent School District students will be reading from a large and periodically renewed supply of the latest books of leading publishers, provided for the school system at a significant reduction in overall cost under a new "book lease" program, it was announced today by R. L. Porter, superintendent of schools.

According to Porter, the plans to lease the hard-cover books from Responsive Environments Corporation, Englewood Cliffs, N. J., is "one of the most unusual purchases we have ever made for the schools."

Supt. Porter further announced, "we can make available attractive new books for curriculum enrichment in the classrooms of the schools. We are going to encourage pupils to read at home, both for improvement of classroom work and for the general extension of learning. Where necessary, we are going to provide reference works which the student can keep at his home for aid in completing home-

work assignments, particularly in those homes in which reference works are not now available."

A spokesman for Responsive Environments Corporation said that the unique leasing plan has cut the cost of high-quality books for school use by as much as 50 percent versus the price of outright purchase. He added that the lease plan gives the school an "eight year protection against inflation of book prices." Some of the volumes included in the R.E.C. book lease plan sell for as much as \$15.

Under the lease plan, there are no financing or shipping charges. At the end of four years, the books become the property of the school, and the school can order additional books at a price which extends the inflation protection for another four years.

The books cover such broad subjects as history, geography, science, social studies, general reading, art and music, sports, and include reference works such as dictionaries and encyclopedias. The company said that the books carry the recommendations of no less than six major educational book reviewing organizations, whose duty it is to review school books on the basis of their technical merit and general acceptability for young students.

## NRA Report Shows Hunter Casualties On Increase Nationally

A four-year summary of the National Rifle Association's Uniform Hunter Casualty Reports from 46 states and seven Canadian provinces shows a steady increase in the number of outdoor accidents involving firearms.

During the 1965 survey period 825 reported casualties were by rifles and 1,347 by shotguns. The three major causes of injuries were reported as "victim out of sight of shooter, victim covered by shooter swinging on game and shooter stumbled and fell," in that order.

According to the four-year study, 1,729 of the victims were reported hunting rabbits, 1,450 hunting deer, and 957 hunting pheasants.

## Somerville Lake Gets Blues And Channels

Somerville Reservoir, located between Brenham and Caldwell, has recently received two shipments of fingerling sized channel and blue catfish from the State Fish Hatchery at Sheldon, reports Lonnie Peters, inland fisheries supervisor of Region IV of the Texas Parks and Wildlife Department.

Jack Woodford, district chief of Bryan, reports that Somerville fishermen are already catching blue catfish of up to two pounds. These are thought to be fish from a release of 8,000 blue catfish which was made in January.

Also stocked earlier were 100,000 bass fry. Woodford says that these bass are now 8 to 10 inches in length and are "real minnow eaters."

Woodford said that the lake has dropped two feet during the summer months and at present covers about 2,000 surface acres. It will have a total surface area of between 11,000 and 12,000 acres when full.

## Presbyterian Guest Pastor From Austin

James A. McLeod, a senior student at the Austin Presbyterian Theological Seminary, will be guest pastor at the First Presbyterian Church on Sunday, October 8.

McLeod received a B.A. from Austin College in 1965. He also attended Texas A&M University. Formerly a student pastor at Dodd City Presbyterian Church, McLeod is a member of the First Presbyterian Church of McAllen. He spent this past summer attending a seminar at the Center for Intercultural Formation in Cuernavaca, Mexico.

By Mrs. J. P. Wise

Miss-Mary White of Dallas spent last week with her mother, Mrs. Vina White.

Mr. Elmer Floyd of Freeport visited his sisters, Mrs. Herbert Thweatt and Mrs. Dock Thweatt Sunday.

Mr. Robert Short of Celina visited his sister, Mrs. E. B. Yager and Mr. Yager Thursday night.

Mrs. Leroy Massengale joined her sister, Mrs. Bailey Jones and son of Rosebud for a visit in the homes of Mr. and Mrs. Cecil Smith and Mr. and Mrs. Elbert Martin in Houston several days last week.

Col. and Mrs. Herbert Massengale of Dayton, Ohio, are vacationing in the old Massengale home near Maysfield and visiting his mother, Mrs. H. W. Massengale and his brother, Leroy. The group spent Sunday with the L. A. Pettys at Sharp.

Mrs. John Thweatt returned home Sunday after visiting her daughter and family, the A. D. Browns at Houston.

Mrs. Gilford Thweatt visited her son and family, the Donald Thweatts at Belton last weekend.

The community was saddened and grieved at the sudden death of Mr. Roy Weems Wednesday. We extend our deepest sympathy to his family.

## TADA SPONSORS AREA WORKSHOP

An Area Workshop, sponsored by the Texas Automobile Dealers Association, will be held at the Inn of the Six Flags in Arlington on October 10, and is expected to attract franchised new car dealers, finance company officials, bankers and their key personnel from throughout the North Texas area. It was announced by H. C. Pittman, Executive Vice President of TADA.

Frank Miskell, Commissioner of Texas Consumer Credit Code, Austin, will be one of the featured speakers. Miskell and members of his staff will brief the automobile dealers on the procedures and requirements of the new Consumer Credit Code. Also to be discussed will be the latest information on Wage and Hour regulations.

H. H. Stedman, Cameron, and Ernest A. Miller, Rockdale, are expected to attend the meeting.

—And where we'll stop, who can know?  
We do have the best educational system in the world. But what will your child think and want and demand once we've educated him?

For in our system—unlike the Russian—we impart truth rather than ideas. We give our children the tools of thought, not the party line.

Does your child know that the center of all truth is God? Does he measure his aims by Christian standards of faith and morality? Has he learned where unbridled human passions of greed and power and selfishness can lead? Does he respect the religious faith and spiritual opportunities which motivated American Liberty?

Nobody can brainwash an American family. But it's up to each American family to choose every Sunday between the "around and around," and the center of truth—GOD.

### EDITORIALS GET THINGS DONE

By Eugene Patterson

Editor, The Atlanta Constitution

1967 Pulitzer Prize Winner

Newspaper editorials get things done. At times, I've wondered what, by now, I think I know.

They get people to think.

They may think the editor is an idiot. The Atlanta Constitution is rich with readers who hold that opinion. In order to arrive at it, however, they must (1) read his unsatisfactory argument, and then (2) justify their own. This is a painful experience on both counts, which may account for the soreness they exhibit in letters to the editor. But they have had to think about the subject.

And the longer I live, the more I believe the value of an editorial is not so much to carry the day, to convince everybody, or to comfort the good and convert the evil.

To achieve those goals the average editor would have to be a lot smarter than he is.

The true and lasting value lies in getting people to think for themselves, to talk and to argue, and finally to decide whatever they want to decide. The process of thought may have adjusted their decision some small distance toward the side of right, whatever that is.

## Addendum . . .

We add little to the foregoing, except to ask the people of Cameron and Milam area, who have teen-agers, to support an effort underway to put a Teen Center in Cameron.

It is going to cost something, but it will be a lot cheaper than the cost of teenage misadventures or the loss of years later to the habits of idle time.

## Easter Seal Society Delegates Appointed

Mrs. John T. Hale, Rockdale, will serve as a delegate to the Easter Seal Society for Crippled Children and Adults of Texas' House of Delegates when it meets,

Saturday, October 14 in Houston.

Mrs. Lester Williams of Cameron will serve as an alternate delegate. Mrs. Hale and Mrs. Williams will represent the Easter

Seal Chapter of Milam County at the meeting.

The 75-member House of Delegates gives the local Easter Seal volunteer worker a voice in operations of the Texas Easter Seal Society.

"I guess a man's job," William Percy's father told him, "is to make the world a better place to live in, so far as he is able—always remembering the results will be infinitesimal—and to attend to his own soul."

An editorial is, of itself, no better than the incentive it provides the reader to attend to his own soul, I think. Whether the editorial opinion itself is accepted is secondary to that. The people will find their own way when they think.

The race issue in the South was editorially muffled for many years. The primary contribution of editors like Hoddin Carter and Ralph McGill and Lenoir Chambers lay not so much in convincing all Southerners that segregation was wrong; they obviously failed, had that been their purpose. Primarily, they encouraged people to talk about it—to break the muffling silence, to stop fearing discussion of it, to speak the unspeakable and think the unthinkable, and to realize it was a subject they could argue.

This breaking of silent fear, this beginning of talking and thinking, is the goal an editor shoots for in a frozen situation where minds have ceased to question. The editorial doesn't have to be right. But it does get things done. It gets the people to think.

Teen-agers are a lot more knowledgeable than their parents, but then their parents want it that way. And there are more ears and more spending money available to this age group. For what it is worth, we commend this project to the public support. There is little enough for most teen-agers to do in Cameron.

NEWSPAPERS GET THINGS DONE!

# Fourth Term Big Question

By Vern Sanford

Although the primaries are not until next May, Texas politicians, here and there, already are beginning to get in and out of statewide races.

Big question still is whether Gov. John Connally will run for an unprecedented fourth term. He says he hasn't made up his mind.

If he doesn't run, it now appears that it will be at least a three-way race in the Democratic primary—between Lt. Gov. Preston Smith, who already has announced, Speaker Ben Barnes and former Atty. Gen. Waggoner Carr.

If Connally does run, Barnes and Carr probably will vie for lieutenant governor, though neither has as yet announced a definite decision.

In the state Supreme Court, both Associate Justice James R. Norvell and Meade F. Griffith say that they will not seek re-election in 1968. Woodrow Bean of El Paso and former state Sen. Franklin Spears of San Antonio are being mentioned as possible candidates for those two posts.

### HIGHWAY PROMOTIONS

On January first B. L. DeBerry, Dallas district highway engineer, will replace Assistant State Highway Engineer J. C. Dingwall. Dingwall will replace State Highway Engineer DeWitt Greer, who is retiring.

There will be four other administrative changes in the Highway Department:

—Archie J. Sherrod, now district engineer in Odessa, will be promoted to chief engineer of maintenance operations.

—John G. Keller, Beaumont district engineer, will succeed DeBerry.

—Franklin Carter Young, district administrative engineer in San Antonio, will take over Keller's job.

—Paul H. Coleman, assistant district engineer at Odessa, will replace Sherrod.

### RESEARCH AWARD TO TEXAS

Texas Research League was presented the top research award of the Governmental Research Association for its report, "Metropolitan Texas: A Workable Approach to Its Problems."

Award was made in Boston. Accepting were Alvin A. Burger, executive director of the League, and James W. McGrew, research director and head of the project.

League's report was made after an 18-month study requested by Governor Connally. It contained seven legislative recommendations, but only one of them passed the Legislature. That one provided \$250,000 of state money for regional planning.

### TEXAS TOURISM PUSHED

Texas' official travel exhibit—pushing the state as a vacation land with a "World of Difference"—was seen by approximately 450,000 persons at the Canadian National Exhibition at Toronto. So says Walt Warner, director of programs for the Texas Tourist Development Agency, which sponsors the exhibit.

Warner regards Canada as an important but unexplored market for the Texas travel industry. "Many Canadians were unaware that Texas lay just 1,200 miles from Toronto's border," he said. "They seemed surprised to find a state so near that offered a warm, tropical climate during the winter months."

Texas' exhibit is being displayed in travel shows all over North America.

### OIL PRODUCTION DOWN

Texas oil production was reduced

by 109,071 barrels for October. Texas Railroad Commission cut the allowable after finding demand lower as the Middle East crisis eases off.

Commission was to have announced its decision immediately at its regular statewide proration hearing, but delayed it four days to see what effect Hurricane Beulah would have on production and refining.

After studying that situation, it was decided that no major damage had been incurred, though there were temporary disruptions.

### CAMINO DEL NORTE

A group of Midland citizens appeared before the Texas Highway Commission to request a study on the feasibility of an interstate highway stretching from the Big Bend Country to Denver.

Dubbed "Camino Del Norte" by the applicants, the highway would begin at US 90 near the Mexican border and would run through Midland, Lubbock, Amarillo and on to Denver.

Delegation presented the Commission with copies of a brochure outlining the proposed highway.

examining the population, education, cultural, recreational, historic and national security aspects of the project.

Commission took the request under advisement.

### CITY SALES TAX FAVORED

Saturday midnight was an important hour in Austin, in so far as many Texas municipalities were concerned. That was the deadline date for reporting city sales tax election results to State Comptroller Robert S. Calvert. If the tax is to go into effect January 1, otherwise the cities would not go under the tax until April 1, 1968.

As of this writing, 12 of the 13 municipalities that have voted on whether or not to adopt a 1 percent city sales tax, along the lines of the state's 2 percent sales tax, have favored the proposal.

Voters in Electra, near Wichita Falls, turned it down.

Voters in the following cities adopted the new-to-Texas taxing device: Aransas Pass, Austin, Elgin, Orange Grove, Henrietta, Ingleside, Nacogdoches, El Paso, Port Aransas, Taylor, Texarkana and Wichita Falls.

## August Consumer Spending Rises To Record \$27 Billion

The predicted rise in consumer spending, which analysts had expected to rekindle the boom, arrived on schedule.

The three-month climb to a record \$27 billion spent in the nation's stores in August confirms this, says Mrs. Wanda Meyer, Extension specialist in home management.

Department stores particularly are enjoying the sharp sales gain, says the specialist. Cooler weather and earlier back-to-school purchasing sent sales in this area zooming up by more than 15 percent, as compared to last year's levels.

However, not every department is sharing equally in these gains, Mrs. Meyer points out. A strong demand has been evident for soft goods, while furniture and appliances lag behind.

Apparel buying is providing the spark, Mrs. Meyer explains. Clothing sales, especially for youth, have risen more than twice as sharply as retail volume. The freest-spending customers are the working girls and college and teenage students, whose allowances go right back into their closets.

Older family members are also

taking a strong interest in new clothing, according to the specialist. Quality lines are getting the play in this category. And retailers are seeking to pull in some of the stored-up purchasing power consumers have withheld for so long. When these purse strings are loosened, sales of big ticket items should contribute their share too, Mrs. Meyer predicts.

Another aspect of the increased consumer spending is the fact that consumer installment debt burdens have dwindled rapidly in the past year, Mrs. Meyer points out. Installment credit extensions through the beginning of August represented less than 15 percent of disposable income, as compared with over 15½ percent a year ago.

### FOOD MARKETING

Food marketing, no matter how viewed, is big business in terms of the number of people employed. Last year about 13 million workers were employed in the agricultural marketing field, reports Dr. W. E. Black, Extension economist in marketing and policy at Texas A&M.

## OLD PHILOSOPHER

Dear editor:

There are so many new crises turning up almost daily throughout the world, like hurricanes and floods and strikes and car wrecks and international squabbles, come waves and abuse of the language like calling that zone in South Vietnam de-militarized when the greatest accumulation of firepower in the history of warfare is concentrated there and being used 24 hours a day, that there are times when I'm not sure I want to see a newspaper turn up out here on this Johnson grass farm, but nonetheless a fresh north wind blew one in yesterday and sure enough it was up to standard.

According to it, school buildings this past summer throughout the country were subjected to record-breaking vandalism.

For example, in Chicago 90,645 windows were broken in school

### SHORT SNORTS

Atty. Gen. Crawford Martin has ruled that the State Textbook Committee is covered by the 1967 Open Meetings Bill, which requires that all meetings to most state and local agencies be open to the public.

State Republican Headquarters announce that Jay Anderson of East Bernard has been appointed deputy state Republican chairman for Region III, and Jim Griffith of San Marcos has been named Republican district committeeman for the 14th Senatorial District.

Texas Highway Commission celebrated its 50th birthday in Austin last week with former officials joining current ones and leading elected officials in festivities.

buildings, 36,525 were broken in Washington, 25,400 in Los Angeles, over 100,000 in New York, and untold thousands in smaller schools around the nation. Hardly a town or city escaped, and one estimate put the total over a million busted windows.

At the same time, this same paper reported that there is a definite shortage of good pitchers in both major league baseball divisions and it makes you wonder where the schools are falling short. Are they putting up buildings so close to the ground and so thick with windows a boy gets no aiming practice at all in throwing a rock through one?

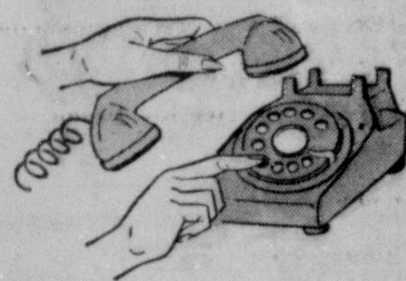

You break out millions of windowpanes and not produce a single good pitcher, and you can see something is seriously wrong with the school system.

We didn't have one-tenth of one per cent as many windows broken out when we had one teacher schools and we had lots better pitching. A boy had to make his aim count in those days. Nowadays any punk can break one.

I don't know what the answer to this problem is, but that doesn't embarrass me, I don't know what the answer is to any of the other problems. Nothingless, a million broken windowpanes a year sure seems like a problem we could do without. It looks like one crisis leads to another. With winter coming on, where will we get enough pillows to stuff in that many broken panes?

Yours faithfully,  
J.A.

## Your Serviceman

Navy Reserve Lieutenant (junior  
 grade) John A. Herrin, husband of  
 the former Miss Carola Swepton  
 of Rosebud, participated in opera-  
 tion "ballistic chaper," a concen-  
 trated effort at stemming the en-  
 emy's flow of men and munitions  
 from North Vietnam.

As a crewmember aboard the  
 amphibious force flagship USS  
 Mount McKinley he helped land  
 a battalion-sized force of Marines  
 along the northern coast of South  
 Vietnam.

## CARD OF THANKS

We wish to extend our heartfelt  
 thanks to our Cameron friends for  
 their many kindnesses during the  
 confinement of Mrs. Bertha Mills,  
 my wife and sister, at St. Edward  
 Hospital and at home.

A special thanks to Dr. S. H.  
 Richardson and hospital staff, Sis-  
 ters and nurses for their care. Also  
 to Rev. L. L. V. Jones and other  
 ministers for their prayers.

Thanks also for the sympathy  
 shown us in our hours of bereave-  
 ment, your prayers, food, visits  
 and floral tribute were an inspira-  
 tion to us to "Look to Jesus" who  
 will heal all our sorrows and cares.  
 May God shed His richest bless-  
 ing upon each of you.  
 Thanks to Dorsey-Keatts Funeral  
 Home.

John Mills - Husband  
 Mrs. Ora Lue Jones - Sister  
 and Family

## CARD OF THANKS

We want to express our apprecia-  
 tion to everyone who showed sym-  
 pathy and kindness to us at the  
 death of our loved one. For the  
 cards, flowers, food and other ex-  
 pressions of sympathy, we are tru-  
 ly grateful.

## CARD OF THANKS

We wish to extend our heartfelt  
thanks to our Cameron friends for  
their many kindnesses during the  
confinement of Mrs. Bertha Mills,  
my wife and sister, at St. Edward  
Hospital and at home.

A special thanks to Dr. S. H.  
Richardson and hospital staff, Sis-  
ters and nurses for their care. Also  
to Rev. L. L. V. Jones and other  
ministers for their prayers.

Thanks also for the sympathy  
shown us in our hours of bereave-  
ment, your prayers, food, visits  
and floral tribute were an inspira-  
tion to us to "Look to Jesus" who  
will heal all our sorrows and cares.  
May God shed His richest bless-  
ing upon each of you.  
Thanks to Dorsey-Keatts Funeral  
Home.

John Mills - Husband  
Mrs. Ora Lue Jones - Sister  
and Family

## CARD OF THANKS

We want to express our apprecia-  
tion to everyone who showed sym-  
pathy and kindness to us at the  
death of our loved one. For the  
cards, flowers, food and other ex-  
pressions of sympathy, we are truly  
grateful.

# Book Lease Aids Milano Students

By Mrs. Bill Thweatt

work assignments, particularly in those homes in which reference works are not now available.

A spokesman for Responsive Environments Corporation said that the unique leasing plan has cut the cost of high-quality books for school use by as much as 50 percent versus the price of outright purchase. He added that the lease plan gives the school an "eight year protection against inflation of book prices." Some of the volumes included in the R.E.C. book lease plan sell for as much as \$15.

Under the lease plan, there are no financing or shipping charges. At the end of four years, the books become the property of the school, and the school can order additional books at a price which extends the inflation protection for another four years.

The books cover such broad subjects as history, geography, science, social studies, general reading, art and music, sports, and include reference works such as dictionaries and encyclopedias. The company said that the books carry the recommendations of no less than six major educational book reviewing organizations, whose duty it is to review school books on the basis of their technical merit and general acceptability for young students.

Those who came from out of town to attend the funeral of Roy Weems were: Judge and Mrs. Wendell Odom, Mr. and Mrs. Van Hickman, W. C. Phipps, Mr. and Mrs. John Phipps, Mrs. Helen Starnes, Mrs. S. Cobb, Mrs. Hairston of Houston, Mr. Homer Morris and daughter of Palestine, Mr. and Mrs. L. A. Patillo, Mr. and Mrs. Ralph Phipps and children of Shreveport, Also: Mr. and Mrs. Floyd Phipps of Chicago, Okla., Mrs. C. L. Childers of Baytown, W. M. Phipps of Pearland, Mr. and Mrs. Rush Price, Mrs. Thomas Hickman of Waco, Mr. and Mrs. Neil Dodson of League City, Mr. and Mrs. Curtis Phipps and son, Mr. and Mrs. Doyle Phipps of Austin, and Mrs. Sam Clark of Temple.

## Maysfield

By Mrs. J. P. Wise

Miss Mary White of Dallas spent last week with her mother, Mrs. Vira White.

Mr. Elmer Floyd of Freeport visited his sisters, Mrs. Herbert Thweatt and Mrs. Dock Thweatt Sunday.

Mr. Robert Short of Celina visited his sister, Mrs. E. B. Yager and Mr. Yager Thursday night.

Mrs. Leroy Massengale joined her sister, Mrs. Bailey Jones and son of Rosebud for a visit in the homes of Mr. and Mrs. Cecil Smith and Mr. and Mrs. Elbert Martin in Houston several days last week.

Col. and Mrs. Herbert Massengale of Dayton, Ohio, are vacationing in the old Massengale home near Maysfield and visiting his mother, Mrs. H. W. Massengale and his brother, Leroy. The group spent Sunday with the L. A. Pettys at Sharp.

Mrs. John Thweatt returned home Sunday after visiting her daughter and family, the A. D. Browns at Houston.

Mrs. Gifford Thweatt visited her son and family, the Donald Thweatts at Belton last weekend.

The community was saddened and grieved at the sudden death of Mr. Roy Weems Wednesday. We extend our deepest sympathy to his family.

## TADA SPONSORS AREA WORKSHOP

An Area Workshop, sponsored by the Texas Automobile Dealers Association, will be held at the Inn of the Six Flags in Arlington on October 10, and is expected to attract franchised new car dealers, finance company officials, bankers and their key personnel from throughout the North Texas area. It was announced by H. C. Pittman, Executive Vice President of TADA, Frank Miskell, Commissioner of Texas Consumer Credit Code, Austin, will be one of the featured speakers. Miskell and members of his staff will brief the automobile dealers on the procedures and requirements of the new Consumer Credit Code. Also to be discussed will be the latest information on Wage and Hour regulations.

H. H. Stedman, Cameron, and Ernest A. Miller, Rockdale, are expected to attend the meeting.

## WANT TO LEARN ABOUT INVESTING— without charge of any kind?

We're holding a three-session course that begins Tuesday night, October 10, at 7:30 sharp.

WHERE: Chamber of Commerce Meeting Room  
Cameron, Texas

WHEN: October 10, 17 and 24

Here are some of the topics we'll cover:

First Session — October 10

What is investing and what are its risks and rewards.  
What are the differences between common stocks and preferred stocks, corporate bonds and municipal bonds — and who should buy which.

Second Session — October 17

How to select your investment objective.  
How stocks are bought and sold on the New York Stock Exchange.  
What are over-the-counter securities and how are they traded.

Third Session — October 24

How to select securities and plan a portfolio.  
What is meant by margin trading and selling short.  
Why and how stock prices fluctuate.  
If you'd like to come, simply call and tell us, or just mail us the coupon below. There's no charge, of course.

I would like to attend your investment course beginning Tuesday evening, October 10.

—And where we'll stop, who can know?

We do have the best educational system in the world. But what will your child think and want and demand once we've educated him?

For in our system—unlike the Russian—we impart truth rather than ideas. We give our children the tools of thought, not the party line.

Does your child know that the center of all truth is God? Does he measure his aims by Christian standards of faith and morality? Has he learned where unbridled human passions of greed and power and selfishness can lead? Does he respect the religious faith and spiritual opportunities which motivated American Liberty?

Nobody can brainwash an American family. But it's up to each American family to choose every Sunday between the "around and around," and the center of truth—GOD.

## NRA Report Shows Hunter Casualties On Increase Nationally

A four-year summary of the National Rifle Association's Uniform Hunter Casualty Reports from 46 states and seven Canadian provinces shows a steady increase in the number of outdoor accidents involving firearms.

During the 1965 survey period 825 reported casualties were by rifles and 1,347 by shotguns. The three major causes of injuries were reported as "victim out of sight of shooter, victim covered by shooter, victim on game and shooter stumbled and fell," in that order.

According to the four-year study, 1,729 of the victims were reported hunting rabbits, 1,450 hunting deer, and 957 hunting pheasants.

## Somerville Lake Gets Blues and Channels

Somerville Reservoir, located between Brenham and Caldwell, has recently received two shipments of fingerling sized channel and blue catfish from the State Fish Hatchery at Sheldon, reports Lonnie Peters, inland fisheries supervisor of Region IV of the Texas Parks and Wildlife Department.

Jack Woodford, district chief of Bryan, reports that Somerville fishermen are already catching blue catfish of up to two pounds. These are thought to be fish from a release of 8,000 blue catfish which was made in January.

Also stocked earlier were 100,000 bass fry. Woodford says that these bass are now 8 to 10 inches in length and are "real minnow eaters."

Woodford said that the lake has dropped two feet during the summer months and at present covers about 2,000 surface acres. It will have a total surface area of between 11,000 and 12,000 acres when full.

## Presbyterian Guest Pastor From Austin
